

The Prune Industry.

D. C., contains an account of curriculum, and with competent Prof. E. R. Lake's report to the teachers in every department. The Department of Agriculture on his return from his official journary to Europe He is also ney to Europe. He is also church. High schools, and especquoted on conditions of the prune | ially those of college rank, are very industry of the Northwest. We important factors in the growth of print the following interesting cities now-a-days. Parents uni-

Oregon, left here last week for his home. He spent the summer in Germany, France and Austria, investigating the question of prane culture under the long leasted would indust many have the highest educational advantages without being absent from the home circle. A college once leasted would indust many tion of prune culture under the once located would induce many This wenderful book matchless in its direction of the Department of Agriculture, the object of his visit being to secure varieties of prunes for the Pacific Northwest Roseburg money at home that is that could be grown with little now spent for board and fuition of are making money rapidly taking orders. likelihood of injury from the our young people in the college A Christian man or woman can in this community soon make \$1,000 taking or

Pacific Northwest," Mr. Lake upon all grades of society.—Review. said before leaving for the West, 'is the foremost horticultural nterest of that part of the country. Indeed, the extent of the industry, the aggregate of capiprepare and market the crop is |con, \$700. understood by but few people. While there has been many acres of unprofitable orchards \$800. destroyed during the past five years, and more particularly the past two, yet there are hundreds of acres being set out at the present time. In fact the new plantings of 1900-1901 will be non, patent to 62 acres of land in the largest since the 'boom' days Alsea valley. of 1890-91."

It is estimated by Mr. Lake that the acreage of prunes in the above states is about 50,000, and this, together with the equipment, including evaporators, packing-houses, etc., is valued at \$20,000,000. An average normal crop would be 75,000,000 pounds of evaporated fruit. Upon the basis of prices received Box 59. for the crop this year, this would yield an income of \$3,500,000. as is evident from this that the prune industry of the Pacific Northwest is one of no little importance to this comparatively undeveloped region. In the matter of new varieties it is claimed that the recent introductions, providing they succeed, and fruit with as relative an earliness as In their native surroundings, fair return. will be worth at least \$500,000 per year to this section, in that they will enable the growers to inquiries of Eastern friends. lengthen the season of harvesting by at least 10 days, since these varieties appear to have all the desirable merits of the ones grown at present, and ripen from 10 to 14 days earlier.

## Patterson-Brown.

December 26th, at the home of Mrs. Johnson, the bride's grandmother, Miss Lala Brown. of Wells, and Mr. Harry Patterson, of Red Bluff, Calif., were ciating.

The wedding was a most pleasing affair. As Miss Emma Marthe bride and groom appeared, followed by the bridesmaid, Miss Ella Johnson, and best man, Mr. out at once. Price is not the R. Wilcox, of Red Bluff. They consideration. Everything stood under an arch of ivy, during the performance of the ceremony, after which all retired to the dining room where a most

luxurious dinner was served. The bride was dressed in white, while the bridesmaid were white over blue. The hall and table were beautifully decorated with ivy and flowers. Many valuable presents were presented.

mother, Mrs. E. Brown, her suit you. brother, Onis Brown, Laura Qauthorn, J Smith, Mr and Mrs A Flickinger, Mr and Mrs L Flickinger, Mr and Mrs C Davis,

culture and influence both in sociefy and business.

After a short visit in Portland, the happy couple will depart for Red Bluff, their future home. All join in wishing them the pleasures of a long and happy

Value of a College.

The proposition of the M. E., South, Corvallis conference to establish a college in this city is a matter of great importance to the people of Roseburg. It is under-stood that what is probably the best natural site for such a school in Oregon can be secured almost in the city limits for little more than \$5,000, and this amount the people of this city will be asked to raise. The conference will then erect suit-A dispatch from Washington, able buildings at once, and estab-Prof. E. R. Lake, of Corvallis, educating their children, and pre-
